A CHECK IN BUSINESS.

General Trade So Far This Year Not I qual to Expectations.

CONFIDENCE HAS BEEN SHAKEN

By the Big Bank Failures in New York and Other Features.

IRON AND STEEL BOTH STILL PIRM.

The Snow Blockades in the Far West Interfere in That Section.

Reports to Bradstreet's and R. G. Dun & Co. do not show an entirely satisfactory condition of general trade. The weather is partly responsible for this. Iron and steel are still reported in good condition.

INPECIAL TELEGRAM TO THE DISPATCE. NEW YORK, January 51.-Special tele grams to Bradstreet's confirm previously reported indications of an unexpected check to general trade in January as compared with 1889, California reports decreased wheat acreage and adverse weather conditions with reference to the next crop. General trade on the Pacific coast has been restricted by II weeks of rain and six days' snow blockade of the Central Pacific Railroad.

Hats, caps and furs, boots and shoes, elothing and wool have all been unfavorably affected by a return of mild weather. Almost all leading trade centers report only a fair volume of business. At New York stocks of hides are heavy and prices are lower. In fact, except fine butter and cotton goods, steel and the better grades of iron, nearly all staple commodities have deelined in price or have shown a tendency to

IN SPECULATIVE LINES. The New York stock market after the heavy gain of \$7,000,000 in bank surplus reserves, promised higher prices and a bullish temper, which appeared promptly on Mon-day. But a desire to realize on paper profits resulted in a reaction, and the market closes heavy and hesitating, with prices lower. Increased earnings of the Pennsylvania sys-tem and of the Deleware and Hudson had a favorable influence, while the withdrawal of Union Pacific and Northwestern companies from the Inter-State Association was adverse. Money continues easy, and is ex-pected to remain so for some weeks. Bonds

are firm and in good demand. The probability of a decime of 50 cents per ton in pig iron prices, with the increased attention attracted to the enormous production, has been discussed by makers and buy-ers. A lew weaker furnace companies have sold at sh ned figures. Larger makers demand tull prices. Western steel rail mills have advanced prices \$1 per ton, but report

no sales at the advance.

Available stocks of wheat, United States and Canada, east of the Rockies, as reported to Bradstreet's, aggregated 52,301,312 bushels January 25, a decrease on the week of 609,-408 bushels; like corn stocks were 18,430,621 bushels, a gain of 147,296 bushels. Added to stocks affoat for Europe the total of wheat becomes 72,173,312 bushels, 433,408 bushels less than on January 18, and of corn 24,-394,621, or 475,296 bushels more than on January 18.

AGRICULTURAL EXPORTS.

Exports of wheat (and flour as wheat) from both coasts this week, as reported to Bradstreet's, equal 1,613,354 bushels, against 1,809,500 bushels last week, and 1,192,101 bushels the last week of January, 1889. Total exports July 1 to date equal 61,817,781 bushels, against 58,282,101 bushels in seven months of the previous cereal year and 83,-419,825 bushels in a like portion of 1887-88.

Wheat flour, with unusually heavy local stocks, estimated at about 1,000,000 barrels and sacks, and continued pressure of supplies and tame demand, is off 5@15 cents per barrel. Wheat has declined 13%@13% cents in the week-13%@2% cents at Chiand indifference of exporters. Indian corn, too, has declined sharply 3/@11/4 cents on dull cables and dressed export movement. The decline in oats was likewise 1% cents. Five days' exports of oats from New York equal 325,000 busiels. There has been a sharp reaction in hog products led by the west, pork dropping 25@75 cents per barrel and lard 8@15 points per pound.

A light movement in augar is accompanied by a slight weakening in prices of raw. Full production with a modified demand for refined at New York resulted in a decline of 1/4c. Refiners' profits are now estimated 1/sc per pound, against 1/sc profit per pound a year ago and at other periods. Coffee in jobbing and distributing lines has moved less treely, and prices, notably for Brazilian, are off 1/4c.

DEYGOODS QUIET.

Drygoods have been quiet. New York's trade for January is disappointing. Cotton goods prices are firm, with an advancing tendency, owing to higher cost of raw material. Print cloths prices gained slightly. Woolens are quiet and clothing dull. Raw wool is dull, with prices tending lower, nota-bly on Territory, California and Texas wools. Cotton is less active after a reaction of 1-16 Business failures reported to Bradstreet's

are declining in number, amounting to 286 in the United States this week, against 324 last week and 331 this week last year. Canada had 50 this week, against 59 last week. The total of failures in the United States for the month of January is 1,628, against R. G. Dun & Co.'s weekly review of

trade says: The closing of one considerable bank and two smaller ones, tends to impair ublic confidence. In other words the news is less favorable this week. The financial pressure at London does not abate, and there are reports that heavy withdrawals of gold for South America or for France will soon be necessary. Foreign exchange here grows stronger, having risen from \$4.86% to \$4.87%. Sales of bonds have been small, and the Treasury has taken in nearly \$1,-200.000. 200,000 more each than it has paid out.

COLLECTIONS SLOW. Tardiness of collections at various in terior points causes more complaint, and the unseasonably mild weather once more depresses many branches of trade. The exports for December proved much larger than had been expected, with an excess of 37,-900,000 over imports. The exports in January trans. uary from New York have been smaller

than last year by 8½ per cent.

Money at New York is abundant and cheap on call, and the demand for commercial paper is now strong here and at Phila-delphia; at Chicago rates are anchanged with a fair demand; at St. Louis the market is stronger at 7 to 8 per cent with good de mand; at Cleveland and Milwauke the market is fairly active with ample supply, and at other western points somewhat easier, with moderate or fair demand. These facts suggest doubt whether large supplies will be available for the East, if

business activity continues. The later indications of business activity are not quite so satisfactory. A heavier movement followed the cold days at Boston, but wool sales were only 2,400,000 pounds, with a market weak and depressed, except for combing and delaine. Goods do not improve. An unexpected demand has raised domestic hides 1/2 to 1/2 cent, but foreign are dull. Leather is selling more freely. Phila-delphia notes few sales of wool. At Chiengo dealings in grain and meats are large, but in drygoods somewhat less for the past two weeks, and the shoe trade shrinks a little. Distribution has been fair at St. Louis, Omaha and Kansas City; very fair at De-troit, but dull at Cleveland and depressed again by weather at Milwaukee.

NOT UP TO EXPECTATIONS. From the reports telegraphed it may be interred that trade since the new year began has not answered expectations, and there are some signs that the cold weather is not solely to blame. In the iron business the mills are fully employed at Cleveland, but sellers make better offers at Pittsburg, and some reductions occur; and at Philadelphia large lots, which have been hypothecated, have been sold at some concessions, frightening timid buyers. The indications are that excess of production begins to be felt.

In the drygoods trade the signs noted at

Boston, Philadelphia and Chicago are seen here and at other points. The coal trade also continues much depressed as to anthracite, though bituminous is active at fair prices. The unsurpassed activity in building has made materials strong and active. Wheat is 1½ cents lower, with sales of 20,000,000 bushels, corn 11/2 cents lower, and oats 1% cents lower for the week. Cotton is held by speculation, but sales for the week were over 1,000,000 bales, and coffee is unchanged, but oil and pork products are lower. In the stock market a considerable advance occurred because of covering short sales, but the bank failure came in to in-crease a reaction. The average of prices for stocks is still a little higher than a week ago, and the reports of earnings are highly

The business failures are 291, as against 330 last week. For the corresponding week of last year the figures were 332.

ELEVENTH WARD MEETING. Citizens' Candidates Nominated-Opposed to

Increasing Taxation. At the citizens' meeting, held last night in the Eleventh ward school house, John Whitney presiding, the following nominations were made: Common Council, O. K. Gardner and James Herron; School Director, Fagle J. Shidle; Alderman, B. F. Kearney; Assessor, W. E. Eurley, and Con-

stable, John Hayes.

A series of resolutions were adopted by a vote, regardless of party lines, urging an economic local government, opposing inreased taxation and requesting heads of departments, notably the fire department, rom allowing employes to stand around the indering them in the free exercise of their

Messra, Gardiner and Herron are indenendent candidates.

WORK FOR THE BUILDERS.

Mrs. Gusky Will Erect a \$70,000 Dwelling in the East End.

The Inspector of Buildings yesterday issued permits for the erection of an even dozen new buildings, the more important being as follows:

To Mrs. J. M. Gusky, for a two-story stone and terra cotta dwelling, 50x66 feet, Fifth avenue, between Aiken avenue and Roup street, Twenty-second ward, to cost \$70,000; to Matt Mawhinney, for two brick dwellings on Mawhinney street, Four-teenth ward, to cost \$8,600; to James Laird, brick dwelling on Mawhinney street, Fourteenth ward, to cost \$3,600.

ELECTRIC FOOTLIGHTS.

The Blica Perfecting Incandescent Illu-

minntors. Mr. Frank Carter, gasman at the Bijou Theater, is now at work constructing a system of incandescent footlights which has never been tried in this vicinity before. He will use 76 25-candle power lamps, which to attend. will include the pale reds, greens and other shades used in calcium illumination. The result will, it is expected, give exceedingly brilliant footlighting power. At the same time the old smoky gas system will be for the most part done away with.

BLOCK HELD FOR COURT.

The Man Who Wanted to be a Constable

Charged With Larceny. John Block, who was charged with the larceny of feed from Henry Rattleman's store on the Southside, had a hearing before Alderman McGary last night and was held

Mr. Block admitted that the feed identified by the prosecutor had been in his possession, but he was unable to make an explanation as to how he came to get it,

THE LAST PAIMENT.

Oliver Bres. & Phillips Are New Straight With Their Creditors. Oliver Bros. & Phillips will make the last navment on their five-years' debt to-day. The financial trouble of this firm is well known to the readers of THE DISPATCH. The company deserve great credit for getting on their feet in such a short time, and extricating themselves from an almost financial impossibility.

WRESTLING in the Dark, is the title of well-known authority in athletics which will appear in To-MORHOW'S DISPATOH.

An Awful Sore Limb.

Skin entirely gone. Flesh a mass of disease. Log diminished one third in size. Condition hopeless. Cured by the Cuticura Remedies in two months.

Cured by Cuticura

For three years I was almost crippled with an awful sore beg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your CUTICLTAA RAMEDIES, and the result was as follows: Atter three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone which had been exposed for over a year; got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever It was, sound in every respect, and not a sign of the disease to be seen.

se to be seen. S. G. AHERN, Dubois, Dodge Co., Ga. Skin Disease 17 Years

I have been troubled with a skin and scalp discuss for seventeen years. My head at times was one rouning sore, and my body was covered with them as large as a hair dollar. I tried a great many remedies without effect until I used the CUTICURA REMEDIES, and am thankful to state that after two months of their use I am entirely cured.

L. R. McDOWELL, Jamesbarg, N. J. The CUTICUEA, CUTICUEA RESOLVENT and CUTICUEA SOAP have brought about a marvelous cure of a skin disease on my little son, eight years old, after all remedies and doctors falled.

ED. N. BROWN, 720 N. 18th St., Omaha, Neb.

EQUALLY GREAT BARGAINS IN FOOTWEAR. We're determined to push this sale this week for all that's in it. The offerings are bona fide and the bargains are as great, if not actually

greater than any we've offered before, and certainly away and beyond what any other dealer in this city has the nerve and grit to give the public. We have a big stock, and we have been in business long enough to know that there is but one way to reduce it, and that is to cut prices to

Don't Put Off! Delays Are Dangerous!

AND REMEMBER THE CHILD CAN BUY AS CHEAPLY AS THE PARENT,

ORDERS BY MAIL PROMPTLY ATTENDED TO.

IMPORTANT. This is positively the last week for us receiving drawings for our Grand Prize Competition. Let the children send in their work certainly not later than Saturday next.
